MINNEAPOLIS, MN

Pheasants Forever Banquet Attendee,

Please consider attending this very special Pheasants Forever event held by the Anoka County Chapter. Your attendance at local Pheasants Forever chapter banquets and membership in our organization are critically important to improving the state's habitat, increasing the bird numbers, and engaging the next generation of youngsters in the great outdoors.

As a banquet attendee, you are part of a very unique event that will make a positive difference for wildlife habitat in your own local area and across the state. Pheasants Forever operates under the very unique model of empowering local chapters with the responsibility to determine how 100 percent of their locally-raised conservation funds will be spent. We are the only national conservation organization that operates through this truly grassroots structure. This local control allows Pheasants Forever members to see the fruits of their chapter efforts in their own communities, while belonging to a national organization with a voice on federal conservation policy in Washington D.C. Today, our unique model means that all the funds generated as part of this event will be controlled by your local chapter's officers: **National Conservation Leadership with Local Habitat Results!**

This powerful model has generated more than 5 million acres of habitat projects over the organization's 28-year history. We've also helped open over 136,000 acres to public hunting opportunities through land acquisitions completed in partnership with state natural resource agencies and the U.S. Fish & Wildlife Service.

And it's all possible because of you - our members. Please attend this year's banquet and please bring some friends too!

Yours in Conservation,

Howard K. Vincent
President & Chief Executive Officer
Pheasants Forever, Inc. & Quail Forever
